

GRIGGS INVITED TO ADDRESS CONVENTION

The National Baptist convention, an organization which, according to the latest United States census, represents more than 2,000,000 negroes, and is the largest body of negroes in the world, has extended to Dr. Sutton E. Griggs, of this city, an invitation to deliver the annual address to the national body at the session to be held in Newark, N. J., September. The action was taken by the executive board which met in Jackson, Miss., in connection with the national Sunday school and B. Y. P. U. congress.

During the life of Booker T. Washington, this honor went to him annually each year, and he always accepted it. It was upon this occasion that he gave his annual message to his race. Since his death the invitation has been extended to Dr. R. R. Moton of Tuskegee. The action this year in turning to Dr. Sutton E. Griggs is an indication of the attitude of that body in the question of the leadership of the negro race. The action of the executive board was unanimous. The occasion is always pushed as the star event of the year in negro circles, and provisions are made for an audience of more than 6,000.

The Southern Baptist convention is in close co-operation with the National Baptist convention and will erect a seminary for the negroes to which it will contribute a fund of \$200,000. The National Baptist convention, through its executive board, has put on a drive for \$100,000 among the negroes during the months of September and October. Dr. Griggs is chairman of the educational board which will have charge of the campaign.

Doesn't hurt! Apply few drops then lift a sore, touchy corn or callus right off

For a few cents you can get a small bottle of the magic frezone discovered by a Cincinnati chemist. Just ask at any drug store for a small bottle of frezone. Apply a few drops upon a tender, aching corn and instantly that old bothersome corn stops hurting, then shortly you can lift it out, root and all, with the fingers, on your dresser. Wonderful!
